Part Number	D119-646-214
Description	Float Skidtube w/ Training Wearplates, RH

Box Part Number	BX104	Dimension	L x W x H
Box Part Number	BX21	Dimension	190 x 13 x 7
Other Packaging	MF6812		30.5 x 8
Logo Decals	D2728-1		MF166

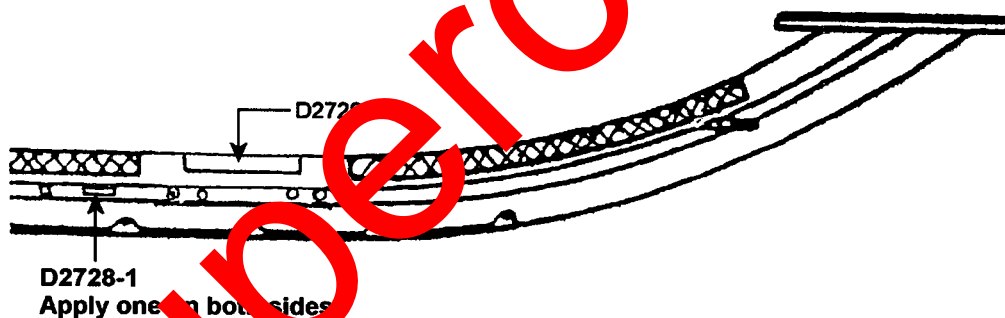

Packaging Instructions and Decal Placement

D119-646-214

Apply labels D2729-4 and D2728-1 as per drawing.

Wrap float skidtube in plastic bag. Take the MF6812 and cut 1/4 inch off one side only. Place 2 wedges inside box. Place (4) pieces of MF6812 at the bottom of the box and (2) pieces of MF6812 on each side of the box. Place float skidtube in the box. Apply 2" of tri-beam foam on top to correspond with bottom foam already in place. Put hardware in box 21. Place the box and the paperwork with the float skidtube and close box.

Add in two pieces of edge board to inside top of skidtube box. Apply D2728-1. Apply strapping after first Dart logo, thereafter applying strapping after every second Dart logo. Add four pieces of edge board, one per angle of box. Staple ends. Tie wrap over top and sides. Apply clear tape over strapping. Put (4) wedges on outside of box. Apply tape over wedges. Apply label D2729-3 as per instructions in QSI 014.
